24. D

C (Sample writing)

Dear Greta,

I am writing to express my full support for the protests you have staged and let you know that your courage has been a great inspiration for Greek students including me.

Motivated by the bravery you showed, I decided to become actively involved in taking action against climate change. Therefore, I decided to organise a student strike at my school. The strike was a big success and many students joined in. The news of what we did spread quickly and other schools around Greece followed our example and went on strike, too.

Then, we realised that we needed to do more. So we organised a demonstration in front of the Greek Parliament. The protest was attended by thousands of students. I had been invited to speak publicly at the demonstration. At first, I was terrified, but then I thought of you speaking to so many important people and it gave me courage. In the end, it was the best day of my life!

Greta, your brave actions have inspired not just me but a whole generation to protect the world we live in. For this, I am forever grateful and, please, keep up the good work for our planet's sake.

Yours

Alex
